Brand Strategy & Messaging Framework

Brand Foundation

Mission: To enable upward social mobility in Kenya by creating access to innovative and sustainable financial services.

To facilitate upward social mobility across Kenyan communities by creating access to innovative and sustainable financial solutions

Positioning

Mogo sits at the intersection of financial access and economic empowerment. Unlike banks that gatekeep credit, Mogo finances the tools people use to earn bikes, cars, devices, and unlocks cash against assets already owned. This is NOT consumer lending but productivity financing.

Mogo IS

-  **Accessible** — available to all Kenyans*
-  **Enabler** — funds the hustle
-  **Direct** — clear terms, fast process
-  **Local** — understands how Kenyans build
-  **Trusted** — delivers on what it promises

Mogo is NOT

- **Predatory** — competitive rates, no hidden charges
- **Complicated** — fast approvals, simple requirements
- **Distant** — present across 32/47 counties in Kenya's
- **Elitist** — built for the working Kenyan
- **A bank** — no queues, no gatekeeping

*subject to all eligibility and scoring criteria: ID, KRA, MPESA etc

Brand Voice & Personality

Brand Voice

Direct | Human | Empowering. Mogo speaks like the person sitting across the table. The language should feel like **a peer who understands the hustle** and is backing it.

Accessible

Simple language, clear steps, no financial jargon. Anyone with a National ID and M-Pesa should be able to sign up and understand exactly what Mogo is offering.

Enabling

Every communication **reinforces progress**. Mogo is not offering a loan an owner's next chapter i.e. mogo is funding a rider's independence,

Local

Swahili is used where it lands better. Uses regional references. Partners with local communities for events and activities. Mogo speaks where its customers are.

Direct

State the product, then the benefit and the terms.
'Get the new Oppo, Deposit from 5K. Own it today. Start earning.'
That is the Mogo way!

Trusted with all communication having the customers confidence is key!

Master Brand Line

Finance Your Future

Swahili: Jenga Kesho

Works across all product lines and audience segments. Aspirational. Connects financial access (the productS) to forward movement (the benefit). Short enough for outdoor, radio, and digital.
